COURT RULES

Three to Two Decision of Supreme Court in Question on Legislative Probe

TWO JUDGES DISSENT

One House Should Not Have Power to Tie Hands of Other, Birdzell Holds

The supreme court has handed down a decision holding that there was neither legislative appropriation nor authority to warrant the appropriation by the house of representatives of money to pay the expenses of the independent investigation of the conduct of state industries made by that body during the session of the legislature last winter.

The decision was made in the case started by C. C. Wattam in behalf of girl stenographers employed by the house audit committee, against the state auditor to compel him to pay the bill which had been rendered and approved by the house of representatives. "A legislative enactment expressing the legislative power of the legislature is paramount to the independent action of each house, without the concurrence of the other," said Judge Bronson, who wrote the leading opinion. Justices Birdzell and Christianson dissented.

Must Be Authority.

"Pursuant to constitutional requirements," continued Judge Bronson "there must exist a legislative appropriation to warrant disbursement by the state auditor in payment of the expenses of each house."

"A legislative enactment may prescribe the circumstances under which a legislative appropriation may be disbursed."

Can Investigate.

Judge Bronson, in his opinion, does not question the authority of the house to appoint the investigating committee, and states the petitioners showed that the investigating committee was appointed, hired employees, made a report to the house and it was accepted, but holds that an appropriation to pay the expenses of the employees can only be made by both branches of the legislature.

Judge Robinson signed the Bronson opinion and Judge Grace in a short statement said that he concurred in the result at which the main opinion has arrived.

Sees Hands Tied.

"I am aware of nothing in our legislative history that furnishes a basis for such a conclusion as a practical conclusion as a practical construction of the legislation touching this subject matter, and it certainly makes one house dependent upon the other to an extent heretofore unexampled," said Justice Birdzell, dissenting. "All the legislation clearly indicates that each house is to act independently in the performance of its legislative functions but under the construction of the majority opinion in this case each can tie the hands of the other at will. The purse strings are admittedly in the hands of the legislature, and both houses combined through appropriation bills, may exercise a wholesome restraint upon the powers of each house to incur expenses. But where the appropriation is made and either house has proceeded in good faith, as must be assumed, to exercise the powers conferred upon it and has incurred expenses within the appropriation in so doing, in my opinion it is more consonant with the dignity of the state to meet its just obligations than to seek to justify a refusal by a restricted construction of legislative enactments never before given such an application."

Should Pay Bills.

"In my opinion the compensation of the relations in the instant case should be paid as an item of expense authorized by the legislative assembly" within section 42 C. L. 1913, for meeting which there is an existing appropriation. But the case of the relations is even stronger than this. They are legislative employees. They are admitted, as previously pointed out, that one house does not need the assent of the other for the hiring of additional employees. This is according to the express language of the statute. The only reason assigned by the majority for not directing payment to these employees in that they were assigned to duty with an investigating committee which functioned without the assent of the senate. It is respectfully submitted that the relations do not lose the character of legislative employees by reason of being assigned to work with an investigating committee. Clearly the writ should issue."

Judge Christianson signed the Birdzell opinion. The total expenses of the house audit committee amounted to \$14,893.75, of which about \$2,000 was for stenographic hire, the subject of the law suit. Other amounts were for Francis Murphy and John P. Sullivan, attorneys, E. O. McCutcheon, investigator, and Steele Hendrickson, marshal.

The activities of the committee, together with that of the senate committee, aroused legislative members to fever heat during the session.

HUNDREDS PAY
FINAL TRIBUTE
TO MRS. KUPITZ

Last Rites Are Held at St. Mary's Pro-Cathedral This Morning

Last rites for the late Mrs. Charles Kupitz were solemnized at St. Mary's Pro-Cathedral this morning at 10 o'clock. The church was filled with friends of the departed and of her family. The impressive requiem mass was celebrated by Father M. Hillner, assisted by Father Slag and Father Clement. Father Clement, parish priest at Mandan, who is an old friend of the Kupitz family, made a brief and beautiful funeral address, rich in appreciation of the departed and in comfort for the bereaved. In closing the speaker quoted a poem, strikingly appropriate to the occasion and the little token was laid on the casket at the close of the address.

The sisters choir, assisted by the children, chanted the stately Gregorian mass. The floral offerings banded before the casket were beautiful tokens of the esteem in which the deceased is held in Bismarck and the surrounding country.

Out of town relatives here for the funeral were Mrs. Hugh McLaughlin and family from Golden Valley, Minn., and Mrs. William McDonald of Mandan, and the daughter of the deceased, Mrs. J. Anderson of Woodworth, who has been at her mother's bedside all through her illness. Mr. Anderson arrived from Woodworth for the burial service.

Burial was at St. Mary's cemetery.

FOREIGN WARS
VETERANS ARE
TO ORGANIZE

Local Branch of National Organization is Being Formed

A local branch of the Veterans of Foreign Wars will be formed in Bismarck.

At a meeting of local veterans with Capt. Robert E. Woodside, national commander of the organization, it was decided to hold the charter open for thirty days and invite all veterans who are eligible to participate. Capt. Woodside spoke to the veterans, outlining the qualifications for membership and the purpose of the organization. Only those who have served the United States in war on foreign soil are eligible for membership. The organization, which has grown steadily for many years, has for its object giving veterans of foreign wars a chance to unite in common effort and especially at this time of giving veterans of other wars a chance to unite with those who served in France in the late war. The organization does not operate in competition with any other organization, but in co-operation with all.

E. G. Wanner was named temporary commander, Joe Kelly adjutant, and A. K. Brooks quartermaster, and local veterans interested may secure information from any of them.

SELFRIDGE MEN
ARE SET FREE

A verdict of not guilty was rendered in the case of five men in the Selfridge riot case, heard in Mandan, in which the men were alleged to have treated Howard Smith to a tar and feather party.

REGULAR MEETING.

There will be the regular meeting of Lodge No. 5, A. F. and A. M. Monday evening at 8 o'clock.

Commencement Week of High School Opens with Baccalaureate Tomorrow

PROF. BOLT IS HONORED

High School Students Present Principal with Solid Silver Tea Service

COMMENCEMENT WEEK
Sunday, 8 p. m.—Baccalaureate sermon, city auditorium.
Tuesday, 8:15 p. m.—Class night.
Wednesday evening—Pageant at Capitol grounds.
Thursday, 8 p. m.—Commencement exercises.
Friday night—Alumni banquet, McKenzie roof garden.

The 57 graduates of the Bismarck high school class of 1921 enter into Commencement Week tomorrow. Rev. C. H. Quigley, pastor of the McCabe Methodist Episcopal church will deliver the Baccalaureate sermon to the class, the largest in the history of the high school, at the Auditorium Sunday night.

Numerous social affairs and exercises in addition to the main events of the week mark the culmination of four years study in the Bismarck high school of the graduates. One of the most touching events of the closing of school occurred yesterday afternoon when Principal C. F. Bolt, of the high school, was asked to appear before the students. Warren Taylor, president of the Senior class, then presented him on behalf of 350 students with a solid silver tea service in appreciation of his services to the school. Mr. Bolt was much affected by the surprise gift.

Program for Services

The program for the Baccalaureate services Sunday night is as follows:
Hymn—"America"..... Congregation
S. S. Boile, Leader
Invocation..... Rev. G. B. Newcomb
"When Twilight Weaves Her Gentle Spell"..... Beethoven

Girls' Glee Club

Scripture Reading..... Rev. C. F. Bolt
"Sunset"..... Bismarck Male Quartet
Sermon..... Rev. G. H. Quigley
Hymn—"Star Spangled Banner"..... Congregation
S. S. Boile, Leader

Benediction..... Capt. V. T. Huffman
Alumni of the high school are making plans for an exceptionally large reunion next Friday night. It is expected that many graduates of the high school now living in other cities will come back for the event. The exact time of the pageant, which will be given on the Capitol grounds next Wednesday evening will be announced later. The pageant given last year was witnessed by hundreds of local people.

BOARD TO MEET
EX-SERVICE MEN
OF WESTERN COS.

Representatives of Vocational Board Will Visit Bismarck on June 21

TRAINING IS OFFERED

Five representatives will arrive in Bismarck on June 21 at 10 a. m. and will remain until June 22 at 5:30 p. m., and will welcome applications from all disabled ex-service men in Dunn, Hettinger, Mercer, McLean, Oliver, Morton, Grant, Sioux, Burleigh, Logan and McIntosh counties. The Board announcement says.

"The Federal Board for Vocational Education, in order to offer training to all disabled ex-service men in the State of North Dakota, is sending a squad of five men into your State for the purpose of collecting necessary evidence, making physical examinations, rating eligibility, and to place men in training while in the state when the necessary evidence can be secured. "We have prepared and are submitting, herewith, a list of the names of men whose cases have already been passed upon and who have been found to be eligible for training. The Board has made numerous efforts to get these men placed in training but has not been able to do so for various reasons among which are, the man's desire to postpone training, the man's disinterest in training, and inability to locate them."

The list follows:

Dan Banko, Wade, John B. Weldner, Golden Valley, Carl V. Winters, Garrison, Richard S. Holbrook, Hank Daniel Huber, Glen Ullin; Arthur Johnson, Hazen; Louis P. Kaneil, Mandan; Wm. Kolbus, Raub; Frank J. Last, Ashley; Fred Miller, Fredonia; Neils Miller, Raleigh; Peter Nelson, Hazen; Gottlieb Saylor, Glen Ullin; Edward Baker, Wilton; Clyde E. Bingenheimer, Timmer; Buckley Alvin, Moffat; Herbert Cordley, Pretty Rock; Anthony H. Erickson, Wilton; Nick Granas, Bradstock; Matt Hunsari, Gackle; Edward T. Lewis, Werner; Martin Rypheum, Raub; John B. Weisner, Golden Valley; Chester Zacher, Higley; Henry Rader, Linton; Jacob Bender, Ashley; August G. Bertsch, Ashley; Albert L. Burch, Bismarck; Lawrence W. Chingren, Hazen; Wilbur R. Coffman, Fleak; Samuel Derling, New Leipzig; Emil Karlin, Werner; Win Koterba, Driscoll; John F. Kottke, Wing; Harry A. Olds, Stanton. Application for transportation to Bismarck to meet the vocational board representatives may be obtained from the American Legion or by writing direct to the Federal Board for Vocational Education, 600 Keith Plaza Building, Minneapolis, Minn.

CRIERS CLUBS
TO TALK FAKE
AT CONVENTION

State Convention of Town Criers Slated For Mandan on June 21

FOR ADVERTISING TRUTH

"Better Business" will be the keynote of the state convention of Town Criers clubs, which will be held in Mandan June 21 and 22.

Expecting delegations from Fargo, Minot, Valley City, Beach, Dickinson, Bismarck and other cities, Secretary Thomas Sullivan, of the Mandan Commercial club, is planning a feature program that will interest Town Criers, known over the state as booster organizations of the younger business executives.

Fake advertising schemes will be exposed, better advertising talked and concerted plans to drive advertising fakirs out of the state discussed.

Each Town Crier club in the state has a local vigilance committee, the members of which are not known. The duty of the vigilance committee is to check fake and worthless advertising schemes. Reports from various cities tell of large amounts of money saved business men through the operations of these committees, as well as improving the effectiveness of legitimate advertising.

B. V. Moore, cashier of the Ninth District Federal Reserve Bank of Minneapolis, formerly a member of the Town Criers club of Fargo and a member of the national vigilance committee of the Associated Advertising Clubs of the World, is expected to address the convention.

The state convention of architects will be meeting in Bismarck at the time of the Town Criers convention, and E. H. Mattingly, in charge of the construction of the municipal auditorium at Jamestown will be one of the speakers on "Auditoriums" H. G. Ferguson, of the Cradick service, Minneapolis, vice president of the A. A. C. of W. is expected at the convention.

POLE LEADERS
CANNOT STOP
FOOD RIOTING

Hunger Stalks in Wake of March of Polish Insurgents

Kielcowitz, Silesia, June 4.—(By the Associated Press.) Drastic steps have been taken by leaders of the Polish insurgents to prevent plundering. Firing squads are busy every morning. In spite of the severe discipline the Poles continue rioting and are reported to have robbed food convoys.

A young German was captured near this city yesterday and was beaten to death by the Poles. The food situation in the industrial district near here is serious. There is no fresh meat and babies are dying because of lack of milk. Because of the insufficiency of coal supply light is cut off at 8 o'clock at night. The number of Poles has notably increased in the last few days. Every cross road is occupied by them and the insurgents are streaming across the country in large numbers.

They are well armed and have planted machine guns along the road.

WEATHER REPORT

For twenty four hours ending at noon June 4:

Temperature at 7 A. M. 67
Highest yesterday 67
Lowest yesterday 47
Lowest last night 47

Precipitation None
Highest wind velocity 15-S.E.

Forecast.

For North Dakota: Fair and somewhat warmer tonight. Sunday probably increasing cloudiness.

TOWNS INUNDATED BY ARKANSAS
RIVER; MANY LOSE LIVES AND
DAMAGE REACHES INTO MILLIONS

Waters Receding Today, Disclosing Terrible Situation in Many Places—Pueblo Business District Covered by Water and Mud—Train Service Cut Off—Marshall's Existence is Threatened by Break in Dam of Private Irrigation Project.

BULLETIN

(By Associated Press.)

Loss of life this afternoon variously estimated between 1,500 and 3,000, and property loss \$10,000,000. At four o'clock this morning the Fountain River had washed out all bridges, uprooted tracks and made wire communication impossible. When the flood began to recede, the great damage was disclosed.

Denver, Colo., June 4.—Patrick Hamrock, in command of the Colorado state rangers, received a message from Pueblo this morning urging him to send every man available to Pueblo to assist in rescue work.

The telegram from the commander said: "Conditions here very bad. Rescue work going on. Send every man you can. Hundreds in danger."

Denver, Colo., June 4.—Continued heavy rains early today extended little encouragement to eastern and central Colorado which yesterday were swept by the worst flood in its history.

Meager reports indicated a loss running into the millions with the heaviest loss at Pueblo where a large part of the business section and several residential districts were inundated.

The known loss of life still remained at four with possibilities of an increase in the death toll when wire communication was restored.

Situation in 4 Towns

The situation early today was:
Pueblo—Inundated and cut off from wire communication for hours. Private news dispatches place loss about \$4,000,000.

Marshall—Existence of the town of 200 inhabitants threatened by a break in the Marshall dam, a private irrigation project. Louisville—Inundated, several houses, other buildings washed away.

Loveland—Dikes of Lake broken and part of town and farms inundated; floods put out of commission electric power plants from which Fort Collins, Greeley and other Weld county towns get their light and power.

LANGER AND
TOWNLEY MAY
DEBATE IN N. D.

Former Attorney General Issues Challenge For Meeting

Austin, Minn., June 4.—William Langer, former attorney general of North Dakota, has challenged A. C. Townley, president of the National Nonpartisan League, to a series of debates in North Dakota on the league question. Langer charged that Townley "had not dared appear" in debate with him in North Dakota before. He urged that debates be arranged for the Aneta fair on June 30, July 1 and 2.

Townley indicated that he would be willing to debate with Langer in North Dakota, although he did not formally accept the Aneta dates.

Langer and Townley met in the first of a series in Minnesota here yesterday. The subject debated was "Resolved, that the Nonpartisan League program in North Dakota, as managed by league leaders, has been a detriment to the state." With Langer taking the affirmative side. Arguments presented by both sides were similar to those offered in previous debates in Nebraska and South Dakota.

WANTS SEASONAL
RATES ON COAL

Washington, June 4.—Secretary Hoover is working out voluntary agreements between the railroads to establish seasonal rates on coal to relieve congestion and cut prices.

BLAKEMORE IS
VISITOR HERE

Robert B. Blakemore, who was taken seriously ill last winter while in his office of manager of the state Home Builders Association, visited the capital city today conferring with state officials. Mr. Blakemore believes he has almost fully recovered his health. He conferred with members of the Industrial Commission yesterday.

LOCAL SHOWERS
ARE PREDICTED

Washington, June 4.—Weather predictions for the week beginning Monday are: Upper Mississippi and Lower Missouri Valleys. Normal temperature, considerable cloudiness and local showers.

SOUTH DAKOTA TENNIS

Del Rio, S. D., June 3.—The Del Rio Tennis Club extends a cordial invitation to all tennis players of South Dakota and neighboring states to attend and compete in the South Dakota championship in men's singles and doubles and ladies' singles to be held on the fine clay courts of the club during the week of July 24.

TERRIBLE HAVOC.
Denver, June 4.—With the latest reports from Pueblo, although unconfirmed, to the effect that the death toll of the flood which swept that city last night might possibly reach several hundred, details of the terrible havoc wrought by a cloudburst through the eastern half of Colorado began to come into Denver today.

From all over the stricken area, which embraces all that part of the state lying east of the Rocky Mountains, come reports of homes washed away, people by the thousands fleeing to high lands, thousands of heads of like stock drowned and millions of dollars of damage done to crops and property.

Just before noon a special representative of the Associated Press left Denver by airplane in an attempt to reach Pueblo.

The damage caused by the flood in Pueblo is variously estimated but the most authentic figures place it at over \$2,000,000 in the railroad yards alone and more than \$4,000,000 to other property in the city. The railroad yards are in a sea of mud and slime, strewn with wrecked railroad equipment.

TOWNS UNDER WATER.

Denver, Colo., June 4.—Reports to the Associated Press at Denver indicate the following conditions at outlying towns:

At Lafayette—Entire town under two feet of water, many residences and business buildings ruined; damage heavy, communication cut off.

At Longmont—Three feet of water in the main streets; communication cut off, breaking of irrigation ditches, principal cause.

At Loveland—Two reservoirs south side and the Ryan Gulch broke; the Hillsdale dam, five miles east, also broke; thousands of acres of farm land near Johnson inundated.

At Marshall—Big dam still holding but all residents in the valley ordered to seek places of safety.

At Superior—Citizens fled to safety by means of rowboats.

At Frederick—Town under three feet of water.

REPORT MANY DEAD.

Denver, Colo., July 4.—First information that there had been loss of life in the Pueblo flood was received today. One report from railroad sources said there had been "considerable loss of life and property."

A dispatch to the Denver Times said that hundreds of lives have been lost in the grove district in the poorer section of the city. This was not confirmed and persons in Denver familiar with the topography of Pueblo were skeptical of it pointing out that there are high hills near the Grove district to which the residents could have fled.

Denver, June 4.—The known dead in the Pueblo flood last night were: Adna Gray, 11, and Margery Gray, 3, drowned while escaping from their home near Pueblo with their parents Mr. and Mrs. Robert Gray.

Mrs. Carl Davis, and child, drowned in Pawnee Creek northwest of Sterling.

Missing.
Two children of Mrs. Davis believed drowned.
The death of the Gray children at Pueblo occurred when a cloudburst early sent a wall of water several feet high down Dry Creek. Scores of persons escaped from their homes.

"PLAY DAY" IS MAGNET HERE

Hundreds of Boys and Girls Of County in Bismarck Today

Bismarck was host today to hundreds of vigorous and sturdy sons and daughters of Burleigh county, here for the annual county "Play Day."

The day started auspiciously, with fine weather. Luncheon was had on the courthouse grounds. The Elks city band furnished music while the children were eating their basket lunches, and the band was cheered again and again.

This afternoon the track and field contests are being held at the ball park. Following this a movie will be shown at the Auditorium, the movie being a free show arranged by Bismarck civic organization in honor of the visiting boys and girls.

BISHOP SPRENG MAKES ADDRESS

Will Talk to Bismarck Hospital Nurses Class

The baccalaureate sermon to the nurses in the graduating class of the Bismarck Evangelical hospital will be preached tomorrow night at the Evangelical church by Bishop C. D. Spreng, of Chicago. Bishop Spreng is one of the leaders in the Evangelical church of America and a sermon by him was included in a list of the fifteen greatest sermons in America in a book published recently. The hospital authorities believe that hundreds of Bismarck people will welcome the opportunity to hear Bishop Spreng.

The commencement exercise of the hospital class will be held Monday, June 6, in the Evangelical church.

WATCH SUPPLY OF OIL, HINT TO AUTO OWNER

"Hot weather hints for motorists" might be the subject of some timely advice to Bismarck automobile owners from the Corwin Motor Co., well known in this vicinity as the Oakland Motor Car representatives.

"There are certain precautions that every motorist takes in the winter," remarks Mr. Corwin, "to protect his car from low temperatures. The extreme heat of the summer presents hazards, too, that should be guarded against by the prudent driver. "Especially should he see to it that he is receiving and using an ample supply of the best oil recommended for his car by its builders. Unless he is getting efficient lubrication he cannot expect maximum efficiency and freedom from trouble. Some cars are built to use the same oil the year round. Others require oils of varying viscosity in the summer and winter. Make certain from your dealer what oil you should be using. Ask him for the engineer's specifications."

SWIMMING POOL FUND GROWING STILL LARGER

It is not too late to get in on the swimming pool fund. The pool is going to be built but more money is needed to assure its completion in proper manner, and voluntary contributions may be made to any member of the Elks committee or sent to the fund, care of First Guaranty bank.

The employees of the state capitol and of the State Record office are the latest additions to the "Hundred Percent Club." The employees of the A. W. Lucas company should have been credited in the "Hundred Percent Club" several days ago, the committee said.

The management of the Rex theater has offered to put on a show next Tuesday night and donate all the proceeds to the swimming pool fund. Local players will present the show.

ENDURANCE OF HUDSON PROVED IN MANY WAYS

"You judge how well your car will serve two or three years hence, by observing the behavior of older cars of the same make," remarked R. B. Lombek, local Hudson-Essex distributor.

"Thus Hudson's high place in the opinion of motorists is upheld today, not only by the way new Hudsons are performing, but by the enduring distinction and satisfaction that the oldest Super-Sixes in service reveal. "Many thousands of miles and years of hard usage do not make an old car of the Super-Six. With a minimum of care it retains its smoothness and operating ease throughout long severe service. "When you observe the earliest Super-Sixes still giving dependable duty, after more than 5 years of daily duty, it is hardly surprising that they place unreserved confidence in Hudson."

NEW TIRE MAN ON STATE JOB

J. D. Chandler, of the Firestone Tire company's factory branch at Charlotte, N. C., has taken the management of the Firestone factory branch in North Dakota, with headquarters at Fargo. Mr. Chandler is expected to visit Bismarck and other towns in all parts of the state soon conferring with the many enthusiastic Firestone dealers.

NOTICE
A. O. U. W. will meet at K. P. Hall over Bergeson's store. First and Third Tuesday. First meeting, June 7th.

The message said the water reached its high mark at Pueblo at 10 o'clock last night when there was nine feet eight inches in the Union Depot. All lamps and telephones were out of service. At 4 A. M., the message said, the water in the Pueblo depot stood at three feet, six inches, a drop of six feet.

Parts of Pueblo are badly piled up with drift wood and derailed railroad equipment, according to the message. The message said the downtown section of Pueblo was covered with two feet of mud.

Trains Delayed.

Denver, June 4.—Train service in eastern Colorado and other eastern Slope regions was seriously disrupted by the flood today. At 5 o'clock this morning no report on train arrivals from the south had been received. Trains from northern points are delayed and the Billings train is indefinitely delayed. Trains from the east are running mainly on schedule time.

GUARDMEN ON STREETS.

Pueblo, June 4.—(By the Associated Press.) National guardsmen are patrolling Pueblo early today permitting no one to enter the section of the city flooded by waters from the Arkansas river, while several fires started by lightning raged unchecked in several parts of the city.

At 3 o'clock this morning the flood began to recede.

At that hour it was still raining and several small fires were still ablaze.

Early last night a one-story building flooded down the main street and crashed into a cigar store.

AN ADVERTISEMENT HELPED HER
Mrs. Lucille Mackey, 16 Buena Vista St., Washington, Pa., writes: "Last winter my 3-year-old girl caught a bad cold which left her with a dry cough. It bothered her most at night and she would cough until she vomited. I think she must have had whooping cough. I saw an advertisement for Foley's Honey and Tar. I tried it and bought two bottles and her cough left her before she finished the second bottle. She had gotten awfully thin, but now she is as fat as ever."

RETURNS FROM MINN. MEETING

S. W. Corwin has returned from the Twin Cities where he attended a convention of electric service station operators covering the northwestern states. Mr. Corwin says that the chief subject of interest to everybody seems to be the big drop in automobile prices. Practically all of the leading manufacturers have already announced their 1921 lists and the reductions are the greatest in the history of the business. Manufacturers in every branch of the automobile business are making a united effort to force down prices to the old levels, and with but a very few exceptions factories have shown a willingness to lose money now to get business going, he says.

MILL CITY IN FINAL LAP OF CITY CAMPAIGN

Minneapolis, Minn., June 4.—One of the most bitterly fought majorities in the history of this city will come to an end June 13, when voters of Minneapolis will elect either Col. George E. Leach or Thomas Van Lear, as the city's executive. Not since the last general election in November has there been such strenuous campaigning.

Mr. Van Lear, mayor of this city four years ago, and endorsed this by the Working Peoples Nonpartisan Political League and the local Trades & Labor Assembly, let his four other opponents in the primary election, May 9, his nearest competitor being Colonel Leach, who trailed him by about 7,000 votes in winning the other nomination.

Colonel Leach, commander of the 151st Field Artillery, was selected in April by an unofficial Republican convention to make the race against what the convention termed "radical" candidates.

T. H. Colwell, also a Republican, but

opposed to the convention plan, remained in the race, but ran third.

Outstanding in the election was the placing on the ballot and strength shown by Labor and Socialist candidates running for the city council and other municipal offices. Although elected four years ago on the Socialist ticket, Mr. Van Lear has quit that organization and since been identified with the Nonpartisan league.

A Socialist nominee for mayor, put up against Van Lear, polled few votes. Socialist and Labor candidates will make up a bigger minority of the city council than at present. Of the seven Socialist aldermen now in office, five are holdovers whose terms expire in 1923; and due to the elimination of their opponents in the primary, the Labor and Socialist group may bring their voting strength to 11 of the 25 votes in the council.

Both forces—the Leach and Van Lear—have urged strenuously that all eligible to vote, do so. The primary election was a disappointment to them as only 92,500 persons voted as compared to 150,000 in the last general election.

The campaign has been marked by numerous verbal clashes between the nominees, the Van Lear forces charging Leach with being the "tool of the Republican gang" and the Leach adherents attaching radical appellations to Van Lear.

MAKES RULES FOR LAND TAX

Tax Commissioner to Formulate Classifications Proceedings

Rules and regulations governing the classification of lands for taxation in North Dakota will be formulated by July 1, George E. Wallace, state tax commissioner, said today.

Mr. Wallace has returned from Helena, Montana, where he conferred with Montana officials on the method used in that state, where classification of

lands has been in effect for two years. Montana officials, he said, believe the system is successful.

Mr. Wallace also called attention of the public to the meetings of the county boards of review in the near future. It is the duty of every citizen, he said, to see about his assessment when the board passes upon values. Prompt attention, he said, would lessen the application later for correction of the record.

Mr. Wallace expects to go to the meeting of the National Tax association to be held at Bretton Woods, New Hampshire, Sept. 12 to 16, he announced.

Disruptive Forces at Work To Split the Allies

The flare-up over the Silesian episode revived, for a moment at least, the persistent German dream of a break in the Entente; and at the same time it brought to the press of the Allied and Associated nations a sobering realization that the failure of France and Great Britain to reconcile their conflicting interests might fan into flames the smoldering hatreds of Europe. Thus, immediately after Lloyd George's flat-footed demand that France and Poland curb Korfanty in Silesia, a Berlin correspondent of the New York World announced "on high authority" that "a beginning has been made toward a rapprochement between Great Britain and Germany, directed against French aggression in the Ruhr and Silesia." Business competition inspired the Anglo-French friction over Silesia, thinks the Springfield Republican, which remarks that "it is plain that the British business world, while it favors the claim of France to a large indemnity, is opposed to a Franco-Polish monopoly of the coal of Europe." The Pittsburgh Leader hints at French plans for a war on Russia, in which case France would find a strong Poland an invaluable ally.

The leading article in THE LITERARY DIGEST this week, June 4th, presents European and American public opinion upon the Silesian question, and a reading of it will enable the reader to obtain a clear idea of all of the points at issue.

MR. GIBSON
IS NOW BACK AT
THE MCKENZIE

The McKenzie wishes to announce that they have again secured the services of Mr. Earl Gibson, the popular pianist, who has been at the Mullamah in Portland, Ore., since leaving here, and whom it has been impossible to get until this time, together with Mr. Norman Dybvik, an accomplished Marimba-phone artist, and are again in a position to furnish the high class of music formerly enjoyed. The principal reason for discontinuing the Dinner Dance was due to inability to get the right music, and feel sure that with the talent now available everyone will enjoy the entertainment that again will be furnished.

We furnish the BEST—Peppiest—SNAPPY and Up-to-the-Minute Jazz Orchestra in the Northwest, for parties in surrounding towns at lowest rates. Phone or write, The McKenzie, Bismarck, for engagements.

ROOF GARDEN IS OPENED

The new McKenzie roof garden was opened to the public for the first time this season last night at a dinner-dance. Dinner was served in the new enclosed dining room on the roof for the first time, to the accompaniment of music of the roof garden orchestra, and dancing followed. Although the weather was cool the roof was protected by awnings and the enclosed dining room proved a favorite spot. The roof garden was completed by over-time work on the part of a small army of workmen, and finishing touches on the decorations on the dining room will be put on during the ensuing week. Dancing continued until an early hour this morning.

GUESTS ARRIVING FOR WEDDING

Out of town guests are arriving for the wedding of Miss Berblot Caspary and Mrs. R. Sherman Wright, which will be an event of Monday evening at the Presbyterian church.

The mother of the groom, Mrs. A. J. Wright, of Moorhead, Minn., arrived this morning and is the guest of her son. This evening will arrive Mrs. Anne Strieb Thielke, who will be one of the group of attendants. Mrs. Thielke will be remembered as a former young business woman in Bismarck before her marriage of a year ago. The maid of honor, Miss Clara Knutson, of Warren, Minn., is also expected this evening. The matron of honor, Mrs. Joe T. Tollefson will come on with Mr. Tollefson tomorrow. Later on Sunday the Wright family will motor in from their home at Crookston. In the party will arrive the father of the groom, Mr. A. Wright, a sister, Miss Alice, who will be one of the bride's attendants. Miss Wright has just finished her school at Richester, Minn., where she has been one of the teaching staff. Two brothers, Clarence and Norman will be in the party. Norman, who has just graduated from a conservatory of music in Fargo, will play the wedding march for his brother's wedding. On Monday morning, a third brother, Mr. Walter Wright of Chicago will come on to be usher at the affair, and he will also sing. Mr. Wright has been studying voice in Chicago.

GIVE DIPLOMAS TO ST. ALEXIUS NURSES' CLASS

Fourteen Members Honored In
Commencement Exercises

Graduation exercises at the city auditorium last night for the graduates of St. Alexius training school for nurses was a brilliant and imposing affair. The fourteen members of the class, accompanied by the superintendent of training, Miss Mary Lane, occupied seats on the stage in a perfect garden of flowers arranged as a hedge across the front of the stage. In tall vase-like columns on the wings of the stage, as a background for the circle of the graduates' chairs and drooping from piano and tables suspended above the center of the stage was an artistic banner bearing the class motto, "Gloria is the reward of patience."

Five young girls of St. Mary's school played three most attractive numbers on the program. They were Catherine and Helen Andrist, Loretta

and Viola Simmer, and Grace Cook. The Thursday Musical club, directed by Mrs. A. G. Jacobson, sang "The Bridal Chorus," which called out enthusiastic applause. Following a piano solo by Mrs. Genevieve Menard Hughes and a reading by Miss Hazel Tibbels, Judge L. E. Birdzell of the supreme court, made the address of the evening. Judge Birdzell is a pleasing speaker and was given marked attention during his address. Mrs. Arthur Bauer sang two numbers, followed by conferring of diplomas by Rt. Rev. Bishop Wehrle of the Bismarck diocese. Bishop Wehrle, in conferring the diplomas, made a short and impressive address to the graduates.

In lighter vein, and as a most delightful surprise, little Elizabeth Anne LaRose, five year old daughter of Dr. and Mrs. V. J. LaRose, tripped on to the stage in a fluttering gown of daintiest color, and danced for the nurses. So sweet was the baby and so charming her dancing, she was recalled again and again, answering the first applause she acknowledged the compliment in a most painstaking and gracious courtesy, and upon more persistent calls the wee girl tripped back and danced a lovely butterfly dance, keeping perfect time in the music of the girls' orchestra.

At the close of the program Judge Birdzell gave a resume of the work of

the training school, referring to the excellence of its equipment.

Home Canned Strawberries Are Cheaper and Better

THERE'S only a short time left to put up plenty of strawberries for next winter. The berries from Hood River Valley and Puget Sound are the last to come on the market—and the season is short. These varieties are especially good for canning. Put them up yourself. Sugar is cheap. You can save 1/3 to 1/2.

Can NOW and SAVE

There is no canned fruit so delicious, wholesome or economical as the kind that mother puts up at home,—in Ball mason jars. You can have variety, too—preserves, jam, conserves, marmalade, sauce, etc. Try the recipes given here.

Pacific Northwest Growers Ass'n
General Offices, Minneapolis

Here are two reliable recipes that will help you to have variety in your canned strawberries:

Strawberry Jam

One pound of hulled and washed berries. Three quarters of pound granulated sugar. Place all together in preserving kettle and boil rapidly till syrup breaks as in jelly making. Pour into bottles or jars. When cold cover with melted paraffin. Store in cool room.

Strawberries and Rhubarb

Quintessence rhubarb cut in 1 inch pieces. 4 pounds strawberries. 4 pounds sugar. Place in kettle, cook for 8 minutes and can. This makes a sauce with a pleasing tart flavor.

EUROPE STILL AN ARMED CAMP
The war that was to end all wars and the peace that was to bring a new order in the world have left Europe what it has been through the centuries—an armed camp with nearly 5,000,000 youths taken out of industry.
The main difference is that the predominant military power today is France instead of Germany.
In a recent discussion of the army bill in the French Senate, it was stated that the number of men under the colors was 830,000, divided as follows: Frenchmen, 572,000; natives of North Africa, 152,000; foreigners and natives of other colonies, 106,000.
To show what conscription in peace time means for France: On April 5, last, 100,000 young men

passed through the Paris railway stations to report to the colors at garrisons in east France, Alsace and Lorraine. Thirty thousand of these were from Paris alone.
The number of troops Germany has, is a matter of keen dispute. Under the Versailles treaty, she is not to have more than 100,000 men and officers in her army. But there still are various other organizations which the Germans say are merely police and security forces to preserve the republic from bolshevism and monarchists, but which the French say are mere camouflage for armies-in-being.
The British army for the current years is 341,000 as against 525,000 last year. Omitting about 55,000 temporarily on the lists, the real strength of the army this year will be about 285,000. Of these, 201,127 are British and 84,200 are colonial and native Indian troops.
Hungary is limited to a small army by the peace treaty. But her strength is estimated from 100,000 to 250,000 troops, with France benevolently looking on.
Bulgaria, by the treaty of Neuilly, is to have only 20,000 troops. She has, in reality, 33,000. Greece, engaged in active warfare with the Kemalists, has 250,000 under arms. Poland has about 600,000 under arms and Bolshevik Russia is thought to have the same in her soviet armies.
The other figures, as official as they can be secured, are: Austria, 30,000; Belgium, 105,000; Czechoslovakia, 147,300; Denmark, 15,400; Finland, 35,000; Italy, 300,000; Holland, 21,400; Norway, 15,400; Portugal, 30,000; Rumania, 160,000; Spain, 190,715; Sweden, 56,200; Switzerland, 16,000; Yugoslavia, 200,000; Estonia, 30,000; Turkey, 50,000.
The war is over—but democracy cannot lay claim to victory in what it fought for, until the world disarms.

PRISON VIEW
"WORTH WHILE"
Miss Aldyth Ward Comments on Pardon Board Experience
"It was a worth while experience, and it certainly exhibited prisoners and prison life in a different light," said Miss Aldyth Ward, of Bismarck, one of the two women members of the state board of pardons, commenting on the first session of the board. Mrs. Margaret Clifford, of Minot, the other woman member of the board also found the experience deeply interesting and instructive. Miss Ward said, "There is one idea of which I learned that I do not like," said Miss Ward, "and that is for state attorneys to urge prisoners to plead guilty on the promise of getting a light sentence. Many persons undoubtedly are induced to plead guilty when they in fact are not guilty."
"Of course, I understand how the state's attorney may look at it. He may think of saving the county the expense of a trial, and if he incurs an expense of a thousand dollars or so in frequent trials the community simply cannot stand it."
Miss Ward is not ready to draw conclusions on methods of handling criminals, after this one experience, but expects to devote considerable time to a study of prisoners.

ADVENTURE OF THE TWINS
By Olive Barton Roberts
Down toward the earth floated Nancy and Nick and Mr. Sprinkle-Blow, the Weatherman. Mr. Sprinkle-Blow's magic umbrella sent them down ever so gently in a meadow where patches of green clover were already spreading themselves out to catch every one of Mr. Sun's warm rays.
Sprinkle-Blow looked up at the sky and frowned. "Hum!" he declared. "It's much too warm! Much! I told Mr. Sun to stay in for awhile and let Jack Frost have a chance. Old Man Flood will be having the time of his life."
But Mr. Sun heard the fairyman and called down quickly. "All right, I'm going this very minute. I'm looking for a cloud right now to hide behind."
Sprinkle-Blow had no time to answer, for at that minute Mr. Sun disappeared and things grew dark as spades. At the same time an icy wind began to blow from every direction. The twins shivered.
Sprinkle-Blow nodded in surprise. "Jack Frost is getting in his work," said he. "Let us go over to the creek and see what is happening."
Long before they came to the creek they could hear the roar of its muddy water, and the Weatherman hurried ahead as fast as his legs could carry him. "My, oh, my!" exclaimed he. "This is worse than I expected. Old Man Flood has let all the stoppers out everywhere and this poor creek can't hold another barrel of water."
"Jack Frost," he called loudly, "work as fast as you can. The faster you freeze up this creek again, the better it will be for everybody. Nick, you go and see what has happened to poor Builder Beaver's dam. Nancy, you dig under that willow tree there into Mr. Muskrat's house and see if the babies are safe, and I'll fly out to sea and hunt for Marty Mink on his cake of ice. He can't have gone very far yet."

WHAT MADE THE CHANGE?
This Woman says Lydia E. Pinkham's Vegetable Compound Made Her a New Woman
Pittsburgh, Pa. — "Before taking Lydia E. Pinkham's Vegetable Compound I had bearing-down pains in my sides, stomach and back so badly that I could hardly stand up. I was white and very thin and nervous, had a poor appetite and only weighed 112 pounds. I took ten bottles without missing one dose and gave it a fair trial. When I finished the last bottle everyone asked me what made the wonderful change in me. I told them about Lydia E. Pinkham's Vegetable Compound and I recommend it wherever I can. I give you permission to publish this letter to help suffering women as your remedies are a godsend and made a new woman of me."
Mrs. F. A. BAKER, 4749 Butler St., Pittsburgh, Pa.
Why will women drag around day after day, suffering from backaches, bearing-down pains, nervousness and "the blues," enduring a miserable existence when they have such evidence as the above that Lydia E. Pinkham's Vegetable Compound is a dependable remedy for such troubles. For nearly forty years this grand old root and herb medicine has been restoring the women of America to health and strength.

DECISIONS OF SUPREME COURT.
From Ransom County.
C. B. Mason, Plaintiff and Respondent, vs. Fred Underwood, J. C. Harper

Syllabus: In an action for false imprisonment, where it appears that the arrest was occasioned partly by acts of the plaintiff in refusing to permit the defendants to remove personal property belonging to one of them, evidence that one of the defendants was the owner of the property is admissible for its bearing upon the degree of culpability of the defendant's conduct, though not as a justification of it, and its exclusion by the trial court was reversible error.

Appeal from the district court of Ransom county, F. J. Graham, J. Reversed and remanded for a new trial. Opinion of the court by Birdzell, J. Robinson, Ch. J. and Grace, J. concur specially.

Kvillo & Adams, Lishon, and Ray W. Craig, Lishon, attorneys for appellants.

Curtis & Remington, Lishon, C. G. Bangert, Enderlin, and E. T. Burke, Bismarck, attorneys for respondents. Katherine Mason, Plaintiff and Respondent, vs. Fred Underwood, J. C. Harper and James Moran, Defendants and Appellants.

Syllabus: (1) In an action for false imprisonment brought against three defendants as joint tortfeasors, the evidence is examined and it is held insufficient to support a recovery against one of the defendants.

(2) Where a verdict for \$1,000.00 was rendered in favor of the plaintiff who was illegally confined in jail for the period of approximately three hours, it is deemed to embrace punitive damages and to include a sum as punishment to the defendant who is not shown to have been responsible for the wrongful act of the other two defendants, and the verdict cannot stand as against the remaining tortfeasors.

(3) In an action for false imprisonment where it appears that the arrest was occasioned partly by acts of the plaintiff in refusing to permit the defendants to remove personal property belonging to one of them, evidence that one of the defendants was owner of the property is admissible for its bearing upon the degree of culpability of the defendant's conduct, though not as a justification of it.

Appeal from the district court of Ransom county, F. J. Graham, J. Reversed and remanded for a new trial.

Opinion of the court by Birdzell, J. Robinson, Ch. J. and Grace, J. Concur specially.

Curtis & Remington, Lishon, C. G. Bangert, Enderlin, and E. T. Burke, Bismarck, attorneys for respondents.

RATE CASE UP TO U. S. COURT

Washington, June 4.—The United States supreme court has granted the request of Attorney General William C. Clegg of North Dakota that that tribunal take original jurisdiction in the case of the State of North Dakota against the Interstate Commerce commission. The court will decide whether or not the interstate commerce commission has authority to prescribe intrastate railroad rates.

BISMARCK WINS 12 TO 0 FROM MANDAN'S CLUB

Locals Have no Trouble in Piling up Score in Game Here

NEW PITCHER IN ACTION

Bismarck fans got a glimpse at the curves of Taylor, new Bismarck right-hander, in the Bismarck-Mandan baseball game last evening, but the Mandan players didn't have such luck. About all the opposing batters got to see of what Taylor had to offer was a couple of hits.

The weather was a little chilly, but a large crowd of fans saw the first twilight game of the season, and enjoyed it, even though the victory of Bismarck, 12 to 0, was a bit one-sided.

Bismarck hitters clouted the ball at opportune moments and were aided in piling up the score by errors on the part of the Mandan players. The last half of the Bismarck batting order did most of the heavy hitting. Miller, Anderson coming in for two three-base clouts.

The local club played errorless ball. Joe Collins, "reliable," made a running catch in deep left center which cost a Mandan slugger a three-base hit. Collins leaped into the air to catch the ball and turned a couple of somersaults, but he came up smiling—he had the ball.

Swartz, whom Bismarck fans saw in action for the first time, cavorted around shortstop while Manager Harper benched himself for the day, and "Chuck" Ellis played second base, and played it well. Coble, who sprained a hand in the Minot game, was back on third, and got applause for his fast work and batting. Swartz fielded nicely and got hands from the fans for his work.

Dorfer, who has pitched many a good game against Bismarck, still has a lot of stuff, and if he keeps on pitching he will be a dangerous man later in the season. The Mandan team has a good nucleus, and will be strengthened in its weak spots before long, it is expected. The team, however, must be strengthened by the addition of some outside talent if the team hopes to compete with real western North Dakota teams this summer.

The two teams play at Mandan this afternoon and Bismarck goes to Williston for a Sunday afternoon game.

PD LICK 'EM BOTH THE SAME NIGHT—THAT'S JESS WILLARD SPEAKING

HE WANTS TO MEET DEMPSEY—WINNER TAKE ALL

THINKS HE COULD LICK DEMPSEY AND CARPENTIER THE SAME EVENING

BY DEAN SNYDER

Wichita, Kan., June 2.—Jess Willard—bigger, jollier and growing richer every hour of his gushing oil wells—is giving Tex Rickard's "big fight" only a passing interest.

Looking after the drilling of new wells and keeping on eye on his 240-acre potato patch absorb Willard's mind at present.

When he talks oil and potatoes he smiles a million-dollar smile.

When he talks about the Dempsey-Carpentier fight he becomes so serious he frowns just a bit.

"Why, I honestly believe I could lick Dempsey and Carpentier both the same evening," says Willard.

"I'm not saying this to boast. I believe I could do it just as sure as I'm sitting here."

Willard was sitting on the edge of the bed in his hotel room. His 265 pounds sunk deeply into the mattress.

In his hand he held a blue-print of his oil holdings in Greenwood county where he is drilling for more oil.

Picks Dempsey

"I think Dempsey ought to beat Carpentier. Dope's all in his favor. But I haven't seen this fellow Carpentier. They say he's mighty clever and fast. He might surprise us all."

Willard refused to risk a guess as to what round he thought the fight would end, but his sneer of Jack and Georges is significant.

"If I was going to fight Carpentier July 2 I wouldn't train at all. It wouldn't be necessary."

"If I was going to be Dempsey's opponent I'd want to be in condition. Dempsey and Carpentier will draw a lot of money. I believe, though, that Dempsey and I would draw just as much."

"If I ever do fight Dempsey again I want it to be on the winner-take-all basis. It wouldn't be money that I'd be fighting for. I've got plenty of that. Dempsey beat me with a lucky punch at Toledo. After he clipped me on the chin in the first round I never knew anything more. I fought the other two rounds after I was knocked out. They said I nearly flattened Dempsey even when I didn't know what I was doing."

"It isn't likely Dempsey would be so lucky in a return match."

"I'm as good as I was when I beat Jack Johnson at Havana. People think I'm an old man because I'm 39. But I'm not. I didn't start fighting until I was past 25."

"A fighter has just about so many good fights in his system. I've still got several in me yet. It's the young fellows who begin boxing in their teens while still growing that soon burn out as fighters."

"The oil game beats boxing. It's all a big gamble whether you go broke or get rich. I've been pretty lucky."

"Raising potatoes is just a hobby of mine. I own two sections near Lawrence, Kan. Guess my 240-acre potato patch there is about the biggest in the county. I intend to keep turning more of my ranch into potato land until I've got 1,000 acres in one patch."

Willard spends, practically all his time in the oil fields now.

His hair is gray about the edges. His eyes are a little duller than when he fought at Toledo. Otherwise he hasn't changed.

"No, I won't get back east to see the Dempsey-Carpentier fight."

"I'll either be in Montana or New Mexico looking over more oil fields. For oil is my game now."

CARPENTIER IN SPEED DISPLAY BEFORE CROWD

Manhasset, N. Y., June 3.—A right hand that worked like a piston, a shiftiness that is dazzling in speed and a smile typical only of Georges Carpentier—these things were exhibited at the training camp of Jack Dempsey's challenger.

After spending a large part of the morning on the road and in the gymnasium, Georges appeared for work again at 3 o'clock. First came the slow, but hard hitting Joe Jeanette for two rounds.

Jack Goldberg of Panama, a welterweight, gave the challenger the best workout he has had on this side of the water. They worked fast and Carpentier for the first time displayed the remarkable speed which for some unknown reason he has held in leash since beginning training.

TILDEN TAKES TENNIS TITLE

St. Cloud, France, June 3.—(By the Associated Press.)—William T. Tilden, of Philadelphia, world's grass court tennis champion, won the world's hard court tennis championship singles today defeating Wascher, of Belgium in the finals 6-3, 6-3, 6-3.

Chicago, June 4.—Two hundred and fifty athletics representing the ten conference schools and eight others today gathered at Stagg field for the 21st field conference.

Illinois, with a list of entries which exceeded those of any other school and by qualifying 16 men in try-outs yesterday, ranked first choice.

TO SPEAK AT MINOT

Minot, June 4.—Kate Richards O'Hare is scheduled to speak in Minot the evening of June 13 and W. A. Beardsley and others who are arranging the meeting have applied to the park board for permission to use Riverside park for the occasion. The board meets Tuesday next.

According to announcements Mrs. O'Hare is to speak on "Prison Reform" and Mr. Beardsley stated today that the address would not include the story of her trial and conviction nor would she discuss North Dakota questions. Mrs. O'Hare was sentenced to the penitentiary for seditious utterances at Bowman, N. D., during the World War.

ARRIVED HERE 49 YEARS AGO

J. T. Kenyon Sees Growth of Bismarck From Prairie Town

Forty-nine years ago today, J. T. Kenyon, Sr., 417 Mandan avenue, arrived in Bismarck.

Mr. Kenyon, who is 80 years old, has seen a prairie town grow into a city in these 49 years—he expects to see a marked further development with Bismarck and Mandan practically one city when the bridge is completed.

"I came in by stage, and served in the Sixth Infantry, then stationed at Ft. Stevenson, northwest of here," he said. "There wasn't any Bismarck except for some log-houses and a few shacks set out on the prairie."

Mr. Kenyon saw the town grow, pass through the days of the transcontinental railroad, the boom of '83, which had a reaction that hurt the

town, and a steady growth since that time.

"The World War stopped us some," he said, "but with the new bridge you'll see Bismarck building faster than ever."

Only a few people in this section have lived in the city longer than he has, Mr. Kenyon believes, among them being Joe Dietrick and Steven Welch.

ESSEX

Do You Buy a Motor Car Sight Unseen?

You see the vital aspect of a car only by the way long hard service affects it.

Will it become loose and noisy? Grow wasteful of oil and fuel? Lose efficiency? Require replacements, frequent repairs and adjustments?

Or will it remain free of these disabilities?

There is a Simple Way to Tell

Not by a mere salesroom examination. That cannot show the differences which make some cars continue to serve reliably and economically for years. It cannot show superiorities of mechanical design, nor the painstaking workmanship on details that in all likelihood you will never see.

And even a demonstration tells nothing of how a car will wear in steady service.

But it is easy to find and examine the real proofs:

What have cars of the same make shown over a period of several years?

What is the future expectancy of good service from such cars after twenty or thirty thousand miles?

You have the all-important advantage of being able to ask owners. Make use of it. Find out how the car you are thinking of buying has served other owners. Learn what mileage they got on gasoline, oil and tires. Is the second or third 10,000 miles more costly than the first? Is it just as satisfactory in performance? Would that owner buy another car of the same make?

Of course there are basic reasons why Essex differs from other light cars—why owners compare it to costly cars.

And we will be glad of an early opportunity to explain the many points of advantage that only costly cars share with Essex.
